

WNTC Broadcasts

Start on Sept. 27

WNTC will commence broadcasting on Monday, Sept. 27 from the station behind the Crane House on Elm Street.

In addition to the disk jockey, classical music, sports shows and news shows, a new dramatic group will produce one play a week. Since Clarkson's sports program has expanded, more games will be broadcast this year.

The facilities of the Northern Twin Colleges Radio Station will be expanded so that students at the new Men's Residence Halls of Clarkson's and those at Potsdam's Pierrepont Dormitory will have good reception.

The station staff includes the regular members and the Executive Board. Members of the Executive Board are: station manager, Charles Winters; assistant station manager, Johanna Anguish; secretary, Laura Lumly; business manager, Norma Kicherer; director of personnel, Jerry Brill; publicity, Frances Baird; operations, Richard Ashcroft; engineer, Carol Benedict; control room operator, Richard Hill; programming, Ronald Willman; news, John Hillman; sports, Harvey Glatt; announcers, Arnold Goeswich; advertising, David Ritt; record librarian, Lydia Urban.

The station will be on the air from 7 to 11 p. m. except on Tuesdays and Thursdays when broadcasting terminates at midnight.

During the past year the radio station of the Northern Twin Colleges which operates at 640 kilocycles, joined the Inter-collegiate Broadcasting System, thus enabling it to align itself with colleges all over the country.
